Greg Bigelow

greg82@cs.washington.edu

Education

B.S. in Computer Science with Honors
B.A. in Comparative History of Ideas
University of Washington, Seattle, WA   June 2012
GPA: 3.90

Experience

Google, Seattle, WA   Summer 2011
Engineering Intern
- Helped develop Dart (www.dartlang.org), a "new programming language for structured web programming."
- Substantially extended HTML5 web-programming knowledge and experience.
- Gained extensive familiarity with the Dart language and surrounding infrastructure.

UW Computer Science, Seattle, WA   Fall 2010 – Winter 2011
Teaching Assistant for Intro to Computer Science
- Taught both introductory and intermediate Java programming.
- Led classroom sessions 1.5 times/week and tutored students on assignments 2 times/week.
- Evaluated by students as a highly effective instructor in both courses taught.

Project Highlights

"Check out a few of my newly birthed projects at github.com/gregbglw"

friendbo
Working with Michael Toomim in the human-computer interaction wing of CSE to help develop a new form of virtual communication. Built using the Web2py web-programming framework.

gregbigelow.com
Personal website to share thoughts with the world and show off toy web projects. Hosted on a server in my kitchen. Have thus far built a rudimentary blogging framework for my own use.

Technologies

Proficient: Java, Dart, C, XHTML, CSS, Javascript, Unix
Familiar: Python, Web2Py, jQuery, Scheme
Acquainted: C++, PHP, SQL

Lover: Vim, Git

Personal

When not studying or programming...
- Climbing artificial rocks.
- Hiking and backpacking the great Northwest.
- Reading interesting books, trying to watch 'expansive' films, and thinking up startup ideas.

Awards and Accomplishments

Awarded four-year, full-tuition scholarship to the University of Washington
Inducted into Phi Beta Kappa Honor Society
Twice ranked as one of the top 60 analytical speech competitors in the United States
